Loading... Got it from the official website where it was on sale at £2.99. Thank you so much. Aug 2, 2019 Please help! I tried every fix you can find on the internet, even though the game was already installed I uninstalled it with Steam and then reinstalled the game it doesn't work. when I try to start the game it says application load error 5:0000065434. I deleted the cache folder. Jun 11, 2019 - application error: alsa\_lib\_surface\_destroy: Operation not permitted 6735.invalid\_dword\_dw 00008bd4 Software uninstests menschen schaden weniger als dass man sie... not kill the process, the application just returns and game starts again. The Application load error: 5:0000065434 is an error which appears after startup and prevents the game from loading. It can occur with any steam game. Скачайте только последнее версии игры. This error is first encountered when the kernel detects a problem with memory. Kernel memory corruption may be caused by faulty memory modules, faulty memory addresses, or physical damage to the system. Disconnecting and reconnecting the memory modules may help with some cases of this problem. Разблокируйте ваши мобильные приложения, удалите их из папки Steam. Проверьте установленные пакеты, но может быть проблема в драйвере программы или в свойствах настроек системы. The Application load error 5:0000065434 is a bug that appears after startup, preventing the game from loading.
